SUSTAINABILITY AND GLOBAL WINE LAW

The 12th edition of the EU Wine Law School is hosted by the University of Reims School of Law as part of the Wine & Law Program.

Located in the heart of Champagne, the University of Reims delivers a 5-day intense course program, entirely in English, on the legal aspects of wine trade within and with the European Union.

This year the Program will focus on **Sustainability in its environmental, social and ethical aspects as a crucial factor for Global wine trade.**

And as always, the School is also about wine tasting, sightseeing and socializing.

This year our visits include Champagne, Krug, Mailly Champagne, Champagne Mont d'Or, Champagne Eric Rodez, Champagne Taillet, Moët & Chandon, the Comité Champagne and the International Institute for Champagne Wines (Villa Bissinger).
